

## NOXIOUS WEEDS IN FOXFIELD

List A: Rare noxious weeds that are subject to eradication wherever detected statewide in order to protect neighboring lands and the state as a whole.

List B: Noxious weed species with discrete statewide distributions that are subject to eradication, containment or suppression in portions of the State designated by the Commissioner in order to stop the continued spread of these species.

List C: Widespread and well-established noxious weed species for which control is recommended but not required by the State, although local governing bodies may require management..
