RE: Foxfield Pre-Paid Water System Tap Fees
ACWWA Notice for Connection – Clarification of Previous Communication

Dear Current Resident:

Our records indicate that you received a letter in June reminding you that if you purchased a water system pre-paid tap through ACWWA and have not yet connected, the deadline to connect to ACWWA water is June 30, 2022 to ensure you connect at the pre-paid tap fee amount. This letter was sent in error and may be disregarded. There is no deadline you must connect by if you pre-purchased your tap. At the time of connection, you will owe the connection charges as identified below.

If you purchased a pre-paid tap, you may be responsible for paying the items listed below prior to connection, if you have not already done so. The total cost for these charges at the 2020 rate is \$830.

Domestic Water Meter	\$	335.00
Water Service Line Inspections (including meter installation)	\$	320.00
Radio Read Meter	\$	175.00

I apologize for any confusion this may have caused. If you have any questions or concerns, please feel free to contact me at 303-790-4830 extension 312.

Thank you,

Danae Walker
